

Boys From Heaven NO WAY! BUT ANYWAY

FOR IMMEDIATE RELEASE

NO WAY! BUT ANYWAY is the first professional release by Danish rock band **Boys From Heaven**. As per usual, no expense has been spared when it comes to typical BFH style characteristics such as thick vocal harmonies or epic solos. Each song is uniquely its own, yet blends perfectly as one part of a whole musical release.

Boys From Heaven were met with enthusiasm from the get go after their debut concert at German *Erntefest All Over*, with local outlet [Mein-Scheessel](#) praising their performance. After landing on the new seven member line-up in late 2016 and enjoying popular and successful concerts from then on, it didn't take long for the band to decide that recording in a professional studio was a must. They contacted [Moerkvaerk Studio](#), located just outside Aarhus at the other end of the country, and drove the 200 mile journey in July to record a four track EP that would become *NO WAY! BUT ANYWAY*.

"We're so damn excited about this release. These are some of the best tracks we've written, and you can just hear straight away that there's no blandness here. No doubt that we use some classic tricks to give the songs that extra umph, but at the end of the day this EP is pure "Boys From Heaven". Every one of us has contributed to make the music what it is." - CHRIS CATTON, lead vocals

NO WAY! BUT ANYWAY is released through **Boys From Heaven's** own label, *HeavensAPlaceOnEarth Productions*. The EP was released on October 7, the same day as their sold out release concert at Lygten Station, København N. The band will be playing in the Copenhagen area, as well as the rest of Denmark, in the coming winter, and also plan to look for gigs abroad come next year. **Boys From Heaven** continue to maintain their ironic twist, and an approach to music that entails not taking themselves too seriously; an approach present in the name of the band as well as the name of their label, all without compromising the high musical standard.
